

# Hardscape Illinois 2017 Registration Form

There is no other program like Hardscape Illinois. The seminar will bridge the knowledge gap for natural stone. The course is designed for any landscape professional interested in deepening his or her knowledge of natural stone and how it fits into a finished landscape.

The course is not merely about product awareness. It will delve deeper into how to achieve the best results when using the material in flatwork construction. As with landscaping, the money spent on what you don't see is more important than the money spent on what you do see. The program was developed by hardscape contractors and suppliers to equip attendees with the knowledge necessary for dealing with this beautiful but challenging material.

**Thursday, February 23, 2017**

Northern Illinois University - Naperville Campus  
1120 E. Diehl Road, Naperville 60563  
8:30am - 4:00pm
