

Jillyan MacMorris
Night Light Inc.

Jillyan acts as Night Light Inc.'s Chief Improvement Officer. She grew up in Chicagoland's green industry and has spent five years so far in its workforce. Though her responsibility is to upgrade processes, software, and communication, her true passion is for people. From scouting out creative opportunities for training and education; to holistically influencing her teammates' quality of life; to connecting industry partners with resources and one another, she wants to see the people around her to thrive!
